

CONFEDERATE VETS AND DAUGHTERS TURN THOUGHTS TO DEAD

Daughters of the Confederacy Observe Memorial Day With Appropriate Services at Cemetery—Survivors Banquet.

Confederate Memorial Day was observed in Maysville Saturday.

The graves of the Confederate dead were properly decorated with flowers by the surviving veterans of the gray and the members of the local Daughters of the Confederacy. The chief address of the day was delivered at the Maysville Cemetery by Hon. Chas. D. Newell, Judge of the Mason Circuit Court before a good sized assemblage of relatives and friends of the old veterans.

Surviving Confederate soldiers of Mason county were entertained at dinner at the home of Leslie H. Arthur Post American Legion. Mrs. Carolyn Russell was the hostess and she was assisted by the members of the local organization.

There were many veterans of the Southern cause sleeping in the cemeteries in this county and the Daughters of the Confederacy keep alive their memory by these annual Memorial Day exercises.

A WARNING TO PARENTS! "DON'T BLAME YOUR CHILDREN"

"How well do you know your children? Do you know what they think and how they look at the world? Do you try to show them when they are wrong? Instead of just arbitrarily telling them they mustn't do this and that? If you are a parent, take your children to see "Don't Blame your Children" at the Pastime Monday. A corking good picture, with plenty of thrills. A wild Gunning production featuring Alec Frazer, Francis Ivor and Molly Adair.

WOMAN IS AWARDED DAMAGES OF \$6,000

Indictment Charging Murder Returned Against Fleming County Man—Many Dog Tax Indictments.

Flemingsburg, Ky., June 3.—Fleming circuit court adjourned late Thursday at the conclusion of the trial of Mrs. Hannah Vaughn against the Louisville & Nashville Railroad Company in which the jury rendered a verdict of \$6,000 for the plaintiff. The plaintiff, who is a resident of this county, was a cook for the railroad employees near Gap Tunnel, a short distance south of Berea. On December 16, 1920, when in company with another woman and four men, she went to Berea from Gap Tunnel on a hand car to get their pay checks. On their return a special train overtook them, the petition alleged, causing the plaintiff to jump from the hand car, suffering injuries for which she asked \$8,000.

The grand jury, which made its report just before the adjournment of court, returned 780 indictments, 719 of which were for failure to pay dog taxes, 60 were for violation of the prohibition law and for gambling. An indictment charging murder was returned against William Holphenstine.

All our juvenile wear at cost until June 15th. CHIT Carr Shop.

TYPHOID CASES IMPROVING.

The Health Department reports the four cases of typhoid fever in the county doing quite satisfactorily. The department has carefully investigated every case of fever but has been unable to trace the disease either to water or milk and the department therefore does not fear an epidemic.

MANY GOING TO CYNTHIANA.

It is understood that a very large crowd of Maysville fans will make this trip to Cynthiana Sunday to witness the game of ball between the locals and the Harrison county club. Many local fans are of the opinion that Cynthiana has the strongest club against which Maysville will play this season.

RIVER VICTIM IS BURIED.

Jack Bolling, son of Mr. and Mrs. J. R. Bolling, of East Second street, who was drowned in the Ohio River while bathing, was buried Saturday. Funeral services were held at the home of the parents.

SUNDAY IS DECORATION DAY AT WASHINGTON.

Sunday will be observed as Decoration Day at St. Patrick's Cemetery, Washington. Appropriate services will be held and the beautiful cemetery will be covered with flowers.

ON TRIP TO TEXAS.

Dr. C. McGuire leaves Sunday for an extended trip to Brownsville and other points in Southern Texas. Dr. McGuire owns considerable property in this district which he expects to visit.

MAYOR DEMANDS OF WATER COMPANY AN ADDITIONAL PUMP

Duplicate Pumps Required By Actuarial Bureau Representatives to Keep Insurance Rates Down—Required By Franchise.

At Friday night's meeting of citizens, fire insurance agents, city officials and representatives of the Kentucky Actuarial Bureau, the state's fire insurance rate fixing board, it developed that unless there was a duplicate system of pumps installed immediately by the Maysville Water Company, the city's insurance rates would be considerably increased.

It is understood that the franchise granted by the city to the Maysville Water Company requires a duplicate system of pumps and that the Water Company has failed to comply with the requirements of its franchise by not having such system installed.

Mayor Samuel Saturday morning wrote the water company demanding the immediate installation of the required duplicate system. His letter follows:

Maysville, Ky., June 3rd, 1922.
"Maysville Water Co.,
"Mr. H. C. Sharp, President,
"Maysville, Ky.

"Gentlemen:—The City Ordinance, under which the Maysville Water Co. has been operating since its organization, and now continues to operate, provides that your pumping station shall contain two separate and distinct pumping units of sufficient power and capacity to keep, at all times, an ample supply of water in your reservoir for the domestic use of the citizens of Maysville, and the full protection of all property in the city against the fire hazard. Your pumping station, as presently organized, has only one such unit.

"Representatives of the fire insurance rate making authorities of the states are now in Maysville, engaged in a re-rating of the city. They advise that unless a second, distinct pumping unit is immediately installed, Maysville will be reduced in grade from the sixth to the seventh classification, which will mean a very considerable increase in all fire insurance rates for the city and adjacent territory.

"Consequently, you are hereby notified that you must AT ONCE, proceed to purchase and install a second and separate pumping unit, acceptable to the fire insurance rate making authorities, as required by the City Ordinance, under which you are operating. "Yours very truly,
"J. H. SAMUEL, Mayor,
"City of Maysville, Ky."

EIGHTY SUITS ON FEDERAL COURT DOCKET.

Eighty suits compose the equity, law and forefetter docket for the June term of federal district court opening at Lexington Monday, June 12, at 11 o'clock, with Judge A. M. J. Cochran, presiding, it was announced Saturday. James M. Coll, retail druggist of Louisville, has filed suit in the federal court against Sam Collins, State Prohibition Director; Roy A. Haines, Federal Prohibition Commissioner, and D. H. Blaim, commissioner of Internal revenue of the United States, defendants, petitioning that the defendants be directed to state ground for the refusal of a permit to him to sell liquor.

NOTICE.

To Maysville Telephone Co. patrons: The Mason County Mutual Telephone Company, with headquarters at Washington, have discontinued their discount period. Some of our patrons have mistaken this for the Maysville Telephone Company, and we wish to make the statement that we will continue to discount Rental Bills as we have done in the past. HIGH-PROOF BEER IS TAKEN AT LEXINGTON

Dry Officers Take Large Supply of 4% Per Cent. Beer From Lexington Brewery.

Lexington, Ky., June 2.—More than 5,000 bottles of beer, which an analysis of samples showed contained more than 4½ per cent. alcohol, were seized yesterday and last night by Prohibition Director Sam Collins and a corps of federal prohibition officers in one of the most far-reaching raids conducted in Lexington since the Eighteenth Amendment went into effect.

Charles Wickline, white, and Silas Dutton, negro, both employees of the Lexington Brewing Company, and a Selden motor truck loaded with 15 barrels of alleged "highproof" beer were seized by the agents in the afternoon.

In addition, two soft-drink stands were raided early last night, 10 barrels of bottled beers being seized at one and 17 barrels at the other. The soft-drink stands of H. C. Lancaster & Bro., at 132 North Limestone street, the old Berlin cafe, and of John Furlong, at 719 North Limestone street, were the places raided by the officers. At Lancaster's place 10 barrels were seized and at Furlong's 17 barrels.

NEW PASTOR FOR LITTLE BRICK CHURCH ARRIVES

Rev. Rayl, of Wilmore, Ky., New Pastor of Second M. E. Church, South, To Preach First Sermon Sunday.

After being without a pastor for several months, the Second M. E. Church, South, better known as the "Little Brick Church" will begin real work again Sunday morning under the pastorate of Rev. C. H. Rayl, of Wilmore, Ky., who with his wife and three children, arrived here Friday evening and have taken up their home in the parsonage of the church.

Rev. Rayl is a very young man but has had considerable experience in the ministry. He comes highly recommended as a pulpit orator of considerable ability and a vocalist of more than local reputation.

With appropriate services, the new pastor will be installed Sunday morning.

JUDGE KERR DENIES RESIGNATION TALK.

A dispatch from Washington says: "Judge Charles Kerr, of Lexington, appointed last year by President Harding to be judge of the United States district court for the Panama Canal zone, is in Washington on a vacation trip. Judge Kerr will confer with department of justice officials and visit friends here for several days before going to Lexington, where he expects to spend several weeks. Judge Kerr denied rumors to the effect that he contemplated resigning his office, saying he had no such intention and could not understand how such a report started. It is no secret, however, that Judge Kerr is not pleased with the climate in the Canal Zone. His present intention, however, he declared, is to serve out his term unless his health should suffer too greatly in the meantime."

UNABLE TO PROVE CASE.

Upon complaint of a colored woman, one of the colored men at the carnival was arrested Friday evening on a charge of a breach of the peace. The evidence was not strong enough to warrant conviction and the defendant was dismissed by Judge Curran upon a hearing.

Dr. J. J. Dickey, of Flemingsburg, visited here Saturday and met his many friends.

MISS LLOYD'S BILL PRONOUNCED PERFECT BY FEDERAL LEAGUE

Age of Consent Measure Adopted by Kentucky Assembly and Drawn By Maysville Woman Is Most Perfect in America.

The Lexington Herald says: By resolution, unanimously adopted in meeting Thursday afternoon, the Fayette County League of Women Voters offered to assist the leaders of the political parties in an effort to get all women of Lexington and Fayette county to register July 10 and 11, the dates announced for general registration.

Reports from the national convention of League of Women Voters, Pan-American conference and meeting of Kentucky Federated Women's Clubs were made by the league's delegates and the meeting closed with a memorial tribute to Mrs. F. L. McVey, whose death occurred since the last meeting of the league, of which she had been president until January, 1922.

Miss Alice Lloyd, of Maysville, a member of the executive board of the state organization of League of Women Voters was present and was given an ovation when it was announced by Mrs. Harold Wales March that the "age of consent" bill passed by the 1922 Kentucky general assembly, prepared and fostered by Miss Lloyd, was examined at the national convention and pronounced the most perfect age of consent law in the United States.

METCALFE NAMED BOOKSVILLE P. M.

Announcement comes from Washington of the Senate's approval of the appointment of Ward H. Metcalfe as postmaster at Brooksville. Mr. Metcalfe is a very popular citizen of Bracken county and his appointment will prove very popular with the patrons of the Brooksville office.

The funeral of Mr. Omar Carrigan, who died at the home of his parents in Forest avenue Friday morning, will be held from the home at 2 o'clock Sunday afternoon with services by Rev. E. V. Cole of the Forest Avenue M. E. church. Burial will be in the Maysville cemetery.

Howell M. Richardson, teacher in high school at Ellet, Ohio, is visiting his parents, Mr. and Mrs. J. H. Richardson.

DEPARTMENT STORE HEAD KILLED BY NURSE

"Don't Ask Why I Did It" Said Girl Found Lying at Side of Murdered Merchant in Hotel.

Kansas City, June 3.—Frank Anderson, superintendent of the Jones Department Store, was found shot to death in a room at a local hotel early today.

Beside his body lay Miss Marlo L. Beal, said by police to be a nurse at Bethany Hospital, Springfield, Ill., a bullet wound in her side and her siften undergarments afire.

The girl was registered at the hotel as Anderson's wife, police said.

Police asserted the nurse, a pretty young woman, admitted she shot Anderson.

"Don't ask why I did it! My God, ask him what he did!" police said the woman gasped as hotel attaches crawled through a transom and found the couple.

Then she fainted.

ANTHRACITE STRIKE MAY BE ENDED

Union Considering Plan To Have the President Name Commission—Operators Suggest Arbitration.

New York, June 3.—Possibility that the suspension in the anthracite fields would be ended soon loomed today following the arbitration suggestion made by operators to the union sub-scale committee.

The operators' plan designates President Harding "to name a commission or tribunal" to seek out the facts of the situation and propose "some practical method" of ending the suspension pending ultimate decision.

Phillip Murray, international vice president of United Mine Workers, refusing to discuss formally the arbitration plan, said acceptance now rests entirely with the union Wage Scale Committee. A meeting of that body, he announced, has been called for Tuesday at Scranton.

SURETIES ON NOTE ASK JUDGMENT FROM PRINCIPAL.

Messrs. C. W. Johnson and George Rhodes filed suit in the Mason Circuit Court Saturday against T. J. Worthington, Mason county merchant. The plaintiffs state that they were sureties on a note with the defendant as principal, which they were compelled to pay. They ask judgment for \$659.30 and the foreclosure on a mortgage to collect their claim.

IMPORTANT FEATURES OF NEW REGISTRATION ACT

Every Voter in Kentucky, of Every Party, Must Register at the State's General Registration.

It must be remembered that voters cannot register by mail. They must apply in person and in the precinct in which they are legal voters.

Each voter will be called upon to state his or her political affiliation. This may be given as "Republican," "Democrat," "Independent," "Socialist," "Prohibitionist" and so on.

The penalties for fraud, illegal registration and interfering with registration are rather severe. If anyone disturbs or hinders the registration, he is guilty of misdemeanor and may be fined as much as One Hundred dollars. A registration officer who fails to do his duty may be fined the same amount. Altering or destroying a registration book is a felony and may be punished by confinement in the penitentiary from one to five years. Any one who breaks up or attempts to break up a registration may be fined from one hundred to five hundred dollars and imprisoned in the county jail from six to twelve months.

When the registration is finished, the registration books are to be taken to the county clerk's office. The law does not say which officer or officers shall do this. It would be proper for at least two of the officers, one from each political party to go with the books to the clerk's office, as is done in case of elections.

The registration officers must be sworn before beginning their work. They can be sworn before any officer authorized to administer an oath. If it is not convenient to go before an officer, the registration clerk is authorized to swear the other three officers and then one of the judges can administer the oath to the clerk.

Persons who cannot read or write are entitled to be registered. If the voter can write his own name in the registration book he is required to do so. If he cannot write his name he should state that fact on oath to the registration officer and then the clerk will sign the voter's name for him.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

LET OUR TARIFF BE AMERICAN-MADE!

This government has been such a perennial good thing and easy mark for the rest of the world during the last few years that there are those at home and abroad who assume that the natural mission of America is to be humanity's perpetual burden bearer. The diplomatic representatives of European nations are busy telling us how we can best frame our tariff laws in the interests of foreign lands and protesting against the restoration of the protective policy in behalf of American labor and enterprise. There are many statesmen in this country and in Europe who seem to be very slow waking up to the fact that the present national administration has a mandate from the American people to give an occasional thought to the United States.

Recently the representative of the French Chamber of Commerce, emitting outcry against the pending protective tariff law, declared that for the American government to impose tariff rates on articles of French production was a violation of friendship and an outrage upon the French people. Whereupon a New Yorker who had undergone a recent experience with the French Government related the story in a communication to one of the New York newspapers engaged in advocating the theory that our tariff laws should be framed in the interests of importers, international financiers and alien producers. A pair of gloves was recently sent by a New York friend to a World War soldier now visiting in Paris. They were returned by the French authorities, postage collect, with the information that foreign gloves were not permitted to be sent into France!

A good deal of the same sort of hypocrisy is being practiced by other European nations which, with the highest tariffs in their history, are arguing that the United States cannot honorably return to our traditional protective policy. Canada, with the highest protective tariff that country has ever known, written after this country had enacted the lowest tariff the United States has known since the Civil War, is indulging in some of this insincere agitation.

The American people have had about all they want of policies laid down for the United States by foreign nations in their own selfish interests. The time has come when the United States must take some account of the needs of the American people, and act in something of the same spirit of preservation which dictates the national policies of every one of these governments now engaged in trying to control American governmental policies by propaganda. — National Republican.

RICHES THAT ENDURE.

Sir Ernest Shackleton, whose name and fame will endure while human history is read, died leaving an estate of only \$2,700.

There are many smug and complacent materialists who would say that this gallant adventurer in a noble field of activity had failed of success in life. From their viewpoint he was a signal failure. He saved no money. And money represents the accepted standard of perhaps, the majority of people.

But there are more enduring things than mere money. Measured by a loftier standard Sir Ernest must rank among the eminently successful world figures of all times.

Down the coming centuries his name will go honored and praised. Ships and supplies—he could not finance his last expedition—manumissions, masses of men inevitably must sink into the bottomless abyss of an endless oblivion, but men of the Shackleton type, rich beyond the dreams of prophetic impulse, live on and on. Hosts of the "successful" men of this day must die, to be forgotten tomorrow. Their wealth passes, is diffused. It is what men do, not what they have, that makes for true wealth.

Plenty of rich men realize this truth. Many men of wealth always have recognized it. Many of them today are identified with the big, worthwhile things of the world.

A case in point is that of the eldest son of the late and lamented Henry P. Davidson. By his father's will he is made a millionaire, receiving a bequest of \$4,500,000. He could order his life as he chose. But long ago, according to his father's wish, he devoted himself to public service. He could have gone on making money and more money. But he believed there is a place in politics for men who desire to serve and to help their fellowmen.

Roosevelt and many other distinguished Americans followed this loftier way to the great profit of their fellow countrymen and to humanity.

The "right" rich man is a mighty asset in any community, to any state or nation, to the world at large.—Cincinnati Enquirer.

WOMEN MAKING GOOD JURORS.

Women have proven themselves good jurors and since the responsibility of an active part in the government has been placed upon them, they have accepted that responsibility with good grace.

Maysville has had but one jury upon which women sat but that jury performed its duty well and reached a verdict commensurate with the guilt of the defendant in a reasonable length of time. The fear that women jurors would be too lenient was unfounded. They have thus far proven to be desirous of doing the right thing to defend the law and society.

In the neighboring county of Lewis, sixteen of the thirty-six persons at the present term of the Lewis Circuit Court are women and they are proving good jurors.

Samuel Untermyer, of New York, who has recently demonstrated that the repeal of a tariff on bricks of one dollar thousand will reduce the price of bricks in New York City eleven dollars a thousand should lose no time in joining Trotsky in Russia. Such a political economist and financier is away from home anywhere but in Moscow.

Chairman Hull follows up a paean of rejoicing over the nomination of Beveridge with a cry of joy over the success of Pinchot. In view of the fact that the Democrats seem to be so well satisfied with the results of recent Republican primaries, maybe a motion to make the election unanimous would be in order.

THE CRIME WAVE

Crime is on the increase regardless of the statements of heretical pulp parasites who say the world is getting better. There are unmistakable reasons for the increase.

First: Your children are not taught the Bible. Less than twenty-five per cent. of the children of the country can recite the Ten Commandments correctly. Ignorance of the Bible increases crime.

Second: You have preached that damnable crime producing lie, namely, "there is no sin" until its effect is now felt in the wave of theft, arson, and murder.

Third: You have yielded to the infamous, demon-possessed-feminine-maudlin sentiment which looks upon the criminal as a hero and the jails as rest resorts until you have destroyed

the idea of punishment. Consequently, crime increases.

Fourth: Your lax, criminally lax, enforcement of law has increased crime. Your purges are cowardly and your judges are without judicial conscience or a penal backbone. Their sentences are a curse to law and an encouragement to the criminal.

The time has come to demand that all people, and especially the courts and their officers, shall respect law and enforce its stern demands upon criminals regardless of political fear or favor.

SWEDISH UNEMPLOYMENT.

Stockholm. — The government has asked the Swedish parliament thus far this year for appropriations equivalent to about \$21,000,000 for relief of the unemployed and the parliament has granted about \$3,200,000 which it has considered sufficient to tide over a few weeks when a clearer view of the situation can be obtained. The latest figures show that the number of unemployed has decreased but the number of those receiving relief has increased.

POEM BY
UNCLE JOHN

GRADUATIN' DAY.

The graduatin' day have come, the brightest o' the year. Take off yer hat, an' smile out loud, an' don't forget to cheer. It's good to see 'em graduat, jes' like their mother did back there when Dad played hookey, like a good-fer-nothin' kid. There's nothin' else fer them to do—they've mastered every test, they've got to step down off the stage, to make room fer the rest. There's others comin' on the trail—a pushin' that away; it keeps the old world rollin' round, in circles, as they say. It allers makes me happy like to watch 'em, as it were, an' see 'em get diplomas—never dreamin' what they're fer. They'll splunge into the sea of life, an' grab at every straw an' lots of 'em will be surprised, the worst you ever say! God bless these noble boys an' gals—I say it from my heart—they're startin' out with smiles an' tears, each one to do their part. There ain't no better cargo to load on the Ship of State, than a band of these here children—on the day they graduate. The Sea of Life is deep an' wide—it's miles an' miles to land; it ain't the same as "Jordan's Banks," where we old fellers stand. They've got to piece the clouds of Fate, an' breast the murky wave. Lord, stick around an' watch 'em close, an' see that they be—have.

CULLING STANDARD AND MIXED BREEDS OF POULTRY COMPARED.

In Knox county, Ind., half the number of flocks of hens culled under the supervision of the county agent, employed cooperatively by the United States Department of Agriculture, the state Agricultural College, and the county, were standard bred and the other half mixed breeds, so their comparative merit could be considered.

The 9 standard bred flocks numbered 1,087, while the 9 of mixed flocks numbered 1,103, or 16 more hens. The week before culling, the standard bred hens laid 2,906 eggs and the mixed breeds 2,647, or 352 less. In culling, 314 standard bred and 355 mongrel hens were removed from the flocks, leaving 773 standard bred and 738 mongrels, or 35 more standard breeds, two owners of the standard bred flocks, being breeders, culled much closer than the owners of the mixed flocks. The week after culling the standard bred hens laid 2,724 and the mongrels 2,433 eggs.

The figures show that among the 1,087 standard bred hens there were 41 less culls than among the 1,103 of the mixed flocks, and that they laid 359 more eggs the week before culling and 291 more the week after.

Reducing Wear and Tear—Improving Appearance
KOVERFLOR, the new liquid floor covering, contains unusual properties. Long tests under severest conditions have proven that Koverflor makes floors of wood or cement—interior or exterior—last longer and look far better. Resisting any traffic wear you can give it, Koverflor is a real floor investment—prolonging life of floors so efficiently that its first cost is a minimum investment indeed. Ask us for the test facts and the Koverflor sample book.

teen to twenty per cent. more for his general products than this time last year. He is ready to buy. He is buying. He is doing his share. Because the farmer is buying local dealers are buying. Visit the merchants of your county seat. They have written off their readjustment losses of the last two years. Their sales are increasing. Their stocks are being replenished to meet the steadily growing purchases by their customers. They are ready to buy. They are buying. They are doing their share. Because local merchants are moving their goods manufacturers are finding profits in adjusted prices. The year finding their orders increasing. Factories are running longer hours to take care of increased demands. More men are finding jobs open. Each individual in the prosperity procession is pushing ahead the man in front of him. Are you, as a farmer, doing your share of buying? Are you, as a local dealer, doing your share of placing orders? Are you, as a manufacturer, doing your share in giving good values at fair prices? Are you, as a manufacturer, doing your share in opening up your plant, hiring men, advertising your goods, investing for prosperity? Every dollar spent by you as a consumer means one more order from your merchant to his manufacturer. This means one more job for the manufacturer and one less man unemployed. Remember, because you as a consumer are buying, and the retailer is restocking, and the wholesaler is ordering, and the manufacturer is advertising, prosperity is arriving. More laboring men are at work and are now buying. The mail-order houses are at the "back order" stage (i. e. they haven't enough goods to fill their orders). The automobile manufacturers are thirty to ninety days behind in making deliveries. The sales and advertising departments have done their part to bring back this prosperous condition in a large number of lines, especially those lines that "kept on advertising."

Every manufacturer or merchant who can advertise, whether in a large or small way, will find profit in advertising. Because you, as a merchant or individual, advertise, the wholesaler will increase his orders, the retailer will make more sales, and the public will increase its wants and its purchases. As we increase buying and selling we will improve conditions. Every business man is doing something to help business. Every farmer is doing something to help business. So is every advertising man and every publisher. Are you? Do so, and "help pass prosperity around."

MONTENEGRO COUNT BECOMES A RANGER.

Minneapolis. — Minneapolis' best known nobleman, Count William Rudolph Martynovich con Rovigno, nephew of the former King of Montenegro, is on his way to the wilds of northwestern St. Louis county to adopt a new avocation, that of forest ranger. He is to be joined there this summer by Cornelius Vanderbilt, Jr., "millionaire reporter."

Count Rovigno, democratic in spite of his titles and known to numberless friends in this city and at St. Paul as "Ruddy," has hunted big game with Buffalo Bill and Theodore Roosevelt and accompanied Gen. Pancho Villa on one of his revolutionary campaigns. He has been an animal trainer, a Minnesota game warden, a circus bareback rider, and the proprietor of a ham-and-egg sandwich wagon in St. Paul.

The count now has a traveling home planned to satisfy all requirements. It consists of a one-ton truck on which are mounted a camper's bed and an oil stove. Other equipment includes a revolver and a phonograph.

"Ruddy" is the nephew of former King Nikola of Montenegro, first cousin of the Queen of Italy and "Voyevoda" (military chieftain) and sole owner of a small island in the Adriatic, off Serbia, which bears his name. He was exiled by King Nikola for liberal ideas acquired on a trip to Siberia. He was sent to Africa. Making his way to America, he got in touch with Buffalo Bill, whom he had met at a performance given by Cody before the court of old King Franz Josef of Austria, and took a job as bareback rider.

WILL ANSWER ANY WOMAN WHO WRITES

Woman Restored to Health by Lydia E. Pinkham's Vegetable Compound Makes This Offer

Cumberland, Md. — "My mother gave me Lydia E. Pinkham's Vegetable Compound when I was between thirteen and fourteen years old and was going to school, because I suffered with pains and could not rest. I did not have any more trouble after that until I was married, then I always was troubled in my back while carrying a child and could not do my work until I took the Vegetable Compound. I am strong, do all my washing and ironing and work for seven children and feel fine. I always have an easy time at childbirth and what it did for me it will do for other women. I am willing to answer any woman if she will write asking what it did for me."

— Mrs. JOHN HEIER, 53 Dilley St., Cumberland, Md.

During girlhood and later during motherhood Lydia E. Pinkham's Vegetable Compound brought relief to Mrs. Heier. Her case is but one of many we constantly publish recommending our Vegetable Compound. She is willing to answer your letter. Write to her.

John H. Perry The Man Behind the Gun

Editor's Note:
John H. Perry, who insists that Country America never will get its fair share of the wealth it produces until it is represented through its publishers in the form of a country newspaper bloc, is President of The American Press Association and of The Publishers' Autocaster Service Company. Here is his record in brief:

Born in Kentucky; educated in law in University of Virginia.

As a State's Prosecutor won more than 90 per cent. of cases tried.

Tried more newspaper cases than any other lawyer in America. Won more than five million dollars in suits without losing a case.

Has owned or partly owned several large daily newspapers, the values of each of which increased from a very small amount to as high as three million dollars for one paper.

Made the greatest circulation record in America by increasing the Sunday circulation of one daily from 57,000 to 100,000 in nine months.

Is director and co-controlling owner of several strong, prosperous banks.

He was raised in the tobacco growing country and knows that industry thoroughly.

Has never failed in any enterprise he has undertaken.

Has made a fortune by his own efforts.

WIDOW GETS SECOND WEDDING OFFER.

Washington. — Congressman James T. Begg, of Sandusky, who is promoting the matrimonial aspirations of a Seneca county widow, has revealed application number two.

"I would be pleased if you would send me her address at once," writes the second candidate for the lady's hand.

"She asked that I refer any letter she might be interested in to her," replied Begg, "therefore I am today forwarding your letter to her, and perhaps you will soon hear from her direct."

The widow wrote Begg originally in despair of getting properly mated again, asserting she would have absolutely nothing to do with the ordinary coarse, vulgar, tobacco-chewing male.

"Oh, I can get a husband," she wrote "but I am like the Irishman who said that whom he wanted he could not get and who he could get the 'devil him self' would not want."

ST. LOUIS BANKERS TO USE ARMORED TRUCKS.

St. Louis, Mo. — Armored motor trucks with placements for riot guns are to be used in transporting money from bank to bank or to factories for payrolls, as a result of the numerous payroll and bank messenger robberies here. Armed guards will ride inside the trucks, which also will carry safes as an added precaution to insure the safety of the money. The armor on the trucks will be one-quarter of an inch thick.

This plan to foil the bandits was announced by the bankers' association.

CAMPAIGN MAY HURT WESTERN PRODUCTION.

Calgary, Alta. — A well organized and deliberate effort to interfere with agricultural production in western Canada is being noted by farmers of the west. Active agents are successfully preventing many workers from going to farms at reasonable wages. The result is that despite unemployment in the cities there is a shortage of efficient labor on the land.

In Calgary it was noted that men kept watch just outside the employment offices, and made it their business to watch farmers who went in to employ men and, when the men were hired, tried to get them to demand more wages. One farmer who had hired several men made full arrangements with them and they seemed satisfied and were quite willing to go out onto the farm. Arrangements were made to meet them at the station, but they never turned up.

HIG CHERRY CHOP SEEN IN TRAVERSE.

Traverse City. — Practically past front danger, and showing greater growth than usual at this time of year,

THE GRAND TRAVERSE CHERRY CROP SHOWS PROMISE OF BEING THE BIGGEST EVER PRODUCED IN THIS SECTION, ACCORDING TO CANNERS AND ORCHARDISTS.

A season, which three weeks ago was later than the normal year, has been changed by warm rains and balmy days and nights, to a season which is a week ahead of the average year.

Never have the cherry trees been so heavily set with bloom and fruit buds as this year. The trees are so heavily loaded that, if the bloom should all set, some orchardists believe they would have to thin their cherries, heretofore an unheard of thing in this region.

OFFER JOBS TO 1,000; FEW MEN ARE HIRED.

Ottawa, Ont. — The government employment service of Canada, Ottawa branch, advertised for 1,000 men to leave for Saskatchewan farms, promising six months work at \$45 per month with board. There was no great rush for the farms, the long hours and hard work evidently off-setting the benefits of the great outdoors.

NATURE TELLS YOU

As Many a Maysville Reader Knows Too Well.

When the kidneys are weak. The urine is nature's index. Infrequent or too frequent passage. Nature tells you about it. Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys. Ask your neighbor. Maysville people testify to their worth.

Charles Kennan, retired farmer, 81 Wood street, Maysville, says: "I have used Doan's Kidney Pills several different times within the last few years and never had them fail to do me good. My kidneys were in a mighty bad shape the first time I used them. The secretions I passed were bloody and burned terribly. My back kept me in misery during the time the attack lasted and I was feeling generally run down. I went to Wood & Son's Drug Store and got a couple boxes of them. This medicine reached my case at once and cured me up in good shape. I have always relied upon Doan's ever since. I use a few now and then to regulate my kidneys and they never fail me."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kennan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

NEVER SUCH A REMEDY FOR PILES.

It will cost any sufferer 35 cents to prove that bleeding, itching or protruding piles, no matter how chronic or how painful, can quickly be helped. Go to J. J. Wood & Son today, hand them 35 cents and say "I want a jar of San Cura Ointment" and if you aren't satisfied—your money back.
Yes, and more; try San Cura Ointment for old sores that people say will never heal, for fever sores, for itching skin, eczema, tetter, salt rheum, chapped hands, face or lips, for ulcers, carbuncles, boils, sore nipples and broken breasts.
It draws out poison, that's the secret of the wonderful success of San Cura Ointment; that's why it so quickly heals scalds, burns, cuts and bruises. It's best to use San Cura Soap at all times; it is a great aid in banishing pimples, blackheads and the germs of disease. 35 cents. Thompson Medical Co., Titusville, Pa.

OVERHEAD CROSSING TO BE BUILT IN CARLISLE.

Carlisle, Ky., June 3. — The Louisville & Nashville Railroad Company has agreed to build an overhead bridge at the intersection of the Carlisle and Sharpsburg pike, in the suburbs of this city. This will eliminate one of the most dangerous crossings in the county. Work is expected to begin as soon as bids are received and accepted.

Mrs. Henry Lloyd who is ill at St. Joseph's Hospital, Lexington, is reported some better Saturday morning.

CURIOSITY SAVES CHILDREN'S LIVES.

Calgary, Alta. — Curiosity proved the means of saving six or eight children from being blown to atoms. The curiosity of a mother to see what kind of firecrackers her child wanted to set fire to revealed a stick of dynamite. Two little boys had been prowling about the warehouse of a construction company and had picked up what they thought were firecrackers. They took them home and handed one each to their sisters and four other little girls living on the street. When the mother found it was not a firecracker but dynamite her child had, she immediately raised an alarm and was the means of having the other sticks of dynamite collected.

CHILDREN GIVEN DOPE, GRAND JURY REPORTS.

Denver, Colo. — Twenty-two business men and professional men of Colorado, comprising the grand jury at the spring term of the United States district court here, declared in its report to Judge Robert E. Lewis that "school children are being given drugs in order to create future patrons for traffic" for dope peddlers.
The report said that dealers in narcotics constantly hovered about the grounds of one Denver high school located in the downtown district.

ESTABLISH GAME RESERVE.

Gallipolis, Ohio, June 2. — Representatives of the State Department of Agriculture today leased the Arthur Gilman farm of 936 acres, near here, for a game reserve.

R. D. WILLIAMS LONES ALIENATION SUIT AGAINST W. E. ROSS.

Louisville, June 2. — A verdict in favor of William E. Ross, the defendant, was returned today thirty-five minutes after the jury took the case in the \$50,000 alienation suit brought by R. D. (Dick) Williams, widely known turfman. Attorney Walter Lapp, representing Mr. Williams, announced immediately after the verdict that he would file a motion and grounds tomorrow for a new trial of the case.
After the jury brought in the verdict the members were thanked by Ross, Mrs. Ross and Mrs. Williams, who shook hands with each of the twelve. Williams charged that Ross, who was formerly sheriff of Jefferson county, alienated the affections of Mrs. Alice Williams, the turfman's wife and "wrecked his home."

SAVES AGED NEGRO FROM DEATH

Persons standing near Market and Front streets Thursday evening say Emmitt Politt, well known young man, saved an aged negro man from serious injury or death. The colored man, who is crippled, hard of hearing and loafs about the streets much, was sitting on the end of a railroad tie when a freight train approached. The old man did not seem to hear the train and young Politt ran in front of the train to the old man and jerked him out of the train's path.

Mr. J. E. Lawyer, of New York City, formerly representative of the Edison Phonograph Co., is the guest of friends in this city.

SAVE WHEN THE SAVING IS GOOD

Slowly but surely business conditions are improving. Men laid off for long or short periods, are going back to work. Merchants and manufacturers report better business. The farmer whistles as he works for the lean year is passing and, best of all, the Association is making another payment on to bacco.
Now is the time the wise folks open savings accounts or add to the accounts they already have. BEGIN NOW TO SAVE AS THE SAVING GETS BETTER.
